## 'LEARNING FOR LIFE'

23<sup>rd</sup> February 2021

Dear Parents and Carers

I hope that you have had an enjoyable half term and have had time to rest, relax and spend quality time with your child. Following the Prime Minister's announcement yesterday evening where he outlined a road map for easing Covid restrictions and lifting lockdown **schools will reopen for all children on 8<sup>th</sup> March 2021**. Our staffing team and myself are very excited and are looking forward to seeing all our children return to school. It seems a long time since the whole school have been together and we have missed everyone.

The last few months have been an extremely challenging time for everyone and we hope that your family have remained safe and well. Thank you for all you have done to support your child with their home learning throughout spring term. We appreciate the difficulties and pressure that many parents have been under with juggling other family commitments as well as working. I would also like to take this opportunity to thank you all for the support given to our staff and myself over this challenging period; it is greatly appreciated.

Our ethos is based on Values education and has continued to be embraced and shines through our school community.

Our children and staff's safeguarding, health and safety is paramount at all times. Once we have interpreted the new guidelines set out by the Government we will confirm our plans and arrangements to ensure a safe and sustained return to schools for all children. I would also stress the importance of our community continuing to follow government guidance regarding social distancing during the coming weeks and months to prevent the risk of transmission and potential bubble/ class closures.

Your support is greatly appreciated and look forward to a safe return for all our children.

Yours sincerely
